

BENEFITS

Transportation

Non-emergent medical transportation (NEMT) is a benefit for Health First Colorado (Colorado's Medicaid Program) members who have no other means of transportation.

About NEMT

Non-emergent medical transportation (NEMT) can be used by Health First Colorado members for travel to and from medically necessary services. It is only for non-emergency services.

NEMT can be used for trips to Health First Colorado enrolled places of service for covered services. Members must go to the closest qualified provider that is willing and able to provide care.

The transportation used is the one that is least costly. Mileage reimbursement is also available, as is out-of-state travel when necessary. To learn more go to, hcpf.colorado.gov/non-emergent-medical-transportation.
