NHP PROFESSIONAL DEVELOPMENT

Trauma Informed Screening & Assessment

Overview

Join us for our upcoming training on Trauma Informed Screening & Assessment where we will focus on working with children and families impacted by complex trauma. In this two-part series we will cover,

- An overview of trauma-informed screening and assessment and the importance
- How this framework is an essential part of services/ intervention delivery with youth and families impacted by complex trauma
- Key strategies and practice applications of trauma-informed assessment process with youth, families and providers

This session will be interactive and is open to the entire NHP network.
